Operation Infection Control: Win the Battle Against Infections!

Join your peers and Health Services Advisory Group (HSAG) for our third round of Nursing Home Quality Care Collaborative (NHQCC) learning sessions! During these interactive, hands-on educational events, you will learn actionable surveillance, infection control, and vaccination strategies for detecting and preventing infections. Plus, you'll get insider tips on identifying "good" vs. "bad" bacteria, employing Quality Assurance & Performance Improvement (QAPI), and differentiating among common infections in the long-term care setting. Contact us at **canursinghomes@hsag.com** or call 818.265.4660 if you have any questions.

Choose from one of these nine learning session locations:

All sessions run from 10:00 a.m. to 3:30 p.m. Registration begins at 9:30 a.m.

Note: Registration closes two days prior to each event.

KEYNOTE PRESENTATION: Creating a Comprehensive Surveillance Program in the Long-Term Care Facility

Dolly Greene, RN, CIC, Director of Clinical Services, Diagnostic Laboratories and Radiology

Infection control expert Dolly Greene offers an in-depth look at how successful surveillance programs that employ infection-monitoring tools, teamwork, and strategic process improvements can change the way your facility evaluates, addresses, and reports on infections.

BEST PRACTICES DISCUSSION: Facilitated by Michael Wasserman, MD, CMD, Director, Nursing Home, HSAG

Hear firsthand accounts of effective infection prevention activities as our group of panelists representing best-practice facilities in your area, the California Department of Public Health Healthcare-Associated Infections Program, and ombudsman groups share their personal experiences with implementation.

Other Sessions Include:

- **It's Not Always a UTI: Diagnosing Infections in the Nursing Home**
- **Addressing Infections in Nursing Homes Using QAPI**
- **How the Good Bugs Can Help Protect At-Risk Residents**
- **Protect your Residents: The Vital Role of Vaccinations**
- **Action Planning and Next Steps**
- **Go for the Gold Recognition**
